Register for a *Euna Grants Powered by AmpliFund* Account:

Login vs. Register: If a staff person who does not currently have a *Euna Grants Powered by AmpliFund* (hereafter referred to as AmpliFund) profile will be completing some or all of your application, DO NOT have them register a new account under your organization's name. Rather, have your Organization Administrator login and invite the staff person to become a User. That will attach the person with your organization.

Q: I was working on the data demographics form and in reading the instructions it states whole agency's dv services. Can you please clarify if I should run an InfoNet report filtered by VAWA funding filter or no filter? Also, it is asking for percentages?

A: Please run an unfiltered data report to provide information about FY25 and FY26. Percentages are requested in the client demographics section (pages two and three) of the Data & Demographics form. The data can be obtained from an unfiltered InfoNet demographics report.

$$\frac{\text{\# of persons that identified in the particular group}}{\text{\# of total persons identified in the group}} \quad \text{X 100 = \% to use on the form}$$

Q: Should the FY27 numbers that we are projecting for a service be unduplicated or adding each quarter together (which may include duplicated individuals across the quarters?

Q: Regarding the required attachments for the VOCA and VAWA applications, are digital timestamped signatures acceptable?

Q: Would you please define "underserved"; would serving those with Limited English Proficiency be eligible?

A: According to 34 U.S.C. § 12291, "the term 'underserved populations' means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate."

- Victims living in rural communities; victims with limited English proficiency; victims with substance use issues; victims with disabilities (physical, mental, and/or cognitive); victims who are deaf or hard of hearing; victims who are elderly; victims identifying with sexual and gender minority groups; and victims who are experiencing homelessness or living in poverty.
